RESPONSE

Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

In response to the Office Action dated May 23, 2001, favorable reconsideration of the above-identified application is respectfully requested in view of the following comments.

REMARKS

Claims 1-16 are pending in the application. Favorable reconsideration of the application is respectfully requested.

I. OBJECTIONS TO DRAWINGS

Applicants will resubmit the formal drawings in good time once the application has been allowed. Applicants will add "Prior Art" legends to Figs. 1A, 1B and 2.

II. OBJECTION TO CLAIM

In claim 12, the term "including" means "providing." Thus, the phrase "indicating the speed of the PHY" "includes including an interface speed bit" in claim 12 does not contain a typo, and is grammatically correct. Withdrawal of the objection is respectfully requested.
